

East Side Road Improvements

(Advertise July 2005)

Improvements include:

- East Park Drive from the new reservoir driveway to Weldin Road intersection and the roundabout
- Weldin Road from East of Matson Run to West of the Roundabout.
- Stormwater management facilities along Matson Run
- Greenway and bike/pedestrian paths along relocated Weldin Road and from East Park Drive, crossing to and along the west side of Matson Run
- Carruthers Lane to the connection with East Park Drive
- Four structures, including two golf cart underpasses, one greenway and golf cart bridge on East Park Drive, and a drainage structure on Weldin Road at the Matson Run crossing
- Construction of portions of East Park recreation area
